However, if you finish an eBook early or decide you no longer want it, you can return it to free up 1 of your 5 allotted checkouts and make the eBook available to other customers.

To return the eBook, open Adobe Digital Editions, switch to library view. Move your mouse over the book cover of the item you wish to return. Click the inverted triangle. On the Item Info menu select "Return Borrowed Item."

Note: The image of the book will remain on your Nook as an inaccessible icon until you delete it.

To delete the image.....

1. Connect your Nook to your computer with the USB cord that came with the device.
2. On the Nook window that appears, click Open Folder to View Files.
3. Double click Digital Editions.
4. Locate the title that you want to delete from your Nook. Right click the title and click 'Delete' on the drop-down menu that appears. A confirmation screen will ask whether you want to permanently delete the file; click 'Yes.' The book will be removed from your device.
5. Safely remove your Nook from your computer as you would a flash drive.
