To Return a Library eBook:

Library eBooks are **automatically returned** at the end of the lending period. You don't have to worry about late fees. However, if you finish an eBook early or decide you no longer want it, you can return it to free up 1 of your 5 allotted checkouts and make the eBook available to other customers.

1. Open the OverDrive app. Swipe from the left to the center of the screen to open the Home Menu.
2. Tap the word 'Bookshelf.'
3. Press and hold the book cover of the title that you want to return.
4. Tap 'Return.' When asked to confirm, tap 'Return' again.

On eLibraryNJ, you can:

- Check out 5 items and place 5 items on hold at a time.
- Decide how long you would like to borrow your eBooks. Tap Account, then Settings. Under Lending Period, tap on the number of days that you would like (7, 14, or 21).
- Renew eBooks one time. The Renew option will appear 3 days before a title's expiration date. Simply tap 'Renew' to activate the renewal option. If there are existing holds on the item, the Renew option will be grayed out; however, you can still place a hold on the book.
- Manage the titles on your reserve list under Account > Holds. Tap Options next to a title to suspend or cancel your hold, change your email address, or opt to have an eBook checked out to you automatically when it becomes available.
- Create a Wish List of titles that you want to read, Rate books that you liked or disliked, or find books that are recommended for you based on titles that you've borrowed. View these options by tapping Account then Lists.
- Select which eBooks you want to see based on audience level (juvenile, young adult, general adult, mature adult). Choose whether or not to display books with graphic book covers. Go to Account then Settings; select the Maturity Level and Cover Images that you want to see.
- Search for an eBook using the Menu bar at the top of the page to browse by genre.
